## Resolution of the Executive Committee, Edinburgh, United Kingdom 5-9 October 1981

### “EPO Documentation”

**FICPI**, the International Federation of Intellectual Property Attorneys, broadly representative of the free profession throughout the world, assembled at its Executive Committee and World Congress held in Edinburgh, United Kingdom, 5-9 October 1981, passed the following resolution:

FICPI **strongly supports** the position that the dissemination of technical knowledge shall remain a function of National Patent Offices. For implementing that object, FICPI **requests** the European Patent Office to support the documentation centres of the National Patent Offices and give them access to the computerized technical information available in the European Patent Office.
