

FACT PATTERN FOR MOCK HEARINGS
EP OPPOSITION - Part 2

Auxiliary Request 1:

- ~~1. A composition comprising an isolated culture of cells, wherein said cells are essentially free of CET, essentially free of PEC, and BUR⁺.~~
- ~~2. The composition of claim 1, wherein at least 80% of the cells are essentially free of CET, essentially free of PEC, and BUR⁺.~~
- ~~3. The composition of claim 1, wherein the cells are CET⁻.~~
- ~~4. The composition of claim 3, wherein the cells are PEC⁻.~~
51. A method for producing an isolated culture of cells, wherein said cells are CET⁺, PEC⁺ and BUR⁻, wherein said method comprises: (1) ~~isolating liver cells from a FICPI member;~~ (2) exposing ~~said liver cells~~ obtained from a FICPI member to a cocktail of growth factors under late night nightclub lighting; and (3) selecting for CET⁺/PEC⁺/BUR⁻ cells.
- ~~62.~~ The method of claim 51, wherein said cells are CET⁵⁺.
- ~~73.~~ The method of claim 51, wherein said cells are CET⁶⁺.
- ~~84.~~ The method of claim 51, wherein said cells are CET⁷⁺.
95. ~~A Use of a~~ composition for producing an isolated culture of cells, wherein said cells are CET⁺, PEC⁺ and BUR⁻, wherein said composition comprises one or more growth factors selected from GNT, VIN, BIR, MARG, RUM, B52 or MYTY.
- ~~106.~~ ~~The A composition according to claim 1 comprising an isolated culture of cells, wherein said cells are essentially free of CET, essentially free of PEC, and BUR⁺, for use as a medicament in the treatment of liver disease.~~
7. The composition of claim 6 for use in the treatment of liver disease of a FICPI member.
